ABOUT VISHNU DHARM SCHOOL

Every child is special with his/her unique competencies. The very objective of Vishnu Dharm School is to identify this exclusivity. The school is not created to force any specialization onto a child, but to nurture the natural abilities, be it artistic, analytical, scientific or linguistic.

Our emphasis is on a small Teacher-Student Ratio and is at par in our school, which facilitates constant tracing of a child's progress across various structures. We try to indoctrinate in the child, qualities like stalwart character, true wisdom of duty, feeling of cohesion and humbleness for the progress of their integrated personalities.

At Vishnu Dharm School, we use technology to empower our students and parents. Students master even the most difficult concepts through interactive classes and learn languages through state-of-the-art ways.

"We Aspire To Make Our Students' Journey At School A Beautiful Memory To Cherish Them For A Lifetime!"

The Month of September

September (from Latin septem, "seven") was originally the seventh of ten months in the oldest known Roman calendar, the calendar of Romulus c. 750 BC, with March (Latin Martius) the first month of the year until perhaps as late as 451 BC.[2] After the calendar reform that added January and February to the beginning of the year, September became the ninth month but retained its name.

TREE PLANTATION by INNER WHEEL CLUB OF BHUJ, FLAMINGO

"Someone is sitting in the shade today because someone planted a tree a long time ago"

Trees and plants have a vital role in our lives. Actually life is made possible only by the trees and plants. Trees and plants do not only provide essential oxygen for our lives but also add to the scenic beauty which is around us. Inner wheel Club of Bhuj has established two different Gardens in the campus of Vishnu Dharm School.

They provided different kinds of saplings of flower and shady trees. They also developed our kitchen garden.

Vishnu Dharm School and VDS family is thankful to the president of Inner Wheel Club of Bhuj, Flamingo Mrs. Karuna Dwivedi for the Welfare activities done for environment and human being.

TEACHER'S DAY CELEBRATION - 5th SEPTEMBER, 2022

September 5th is the birth anniversary of a great teacher Dr Sarvapalli Radhakrishnan, who was a staunch believer of education.

Once, some of his students and friends approached him and requested him to allow them to celebrate his birthday. He promptly replied, instead of celebrating my birthday separately, it would be my proud privilege if 5th September is being observed as "Teacher's Day". Hence forth 5th of September is being observed as Teacher's Day in India.

For "Teachers day" our school also organised a seminar on "Reflective teaching". We cordially invited Dr. Atul Kanaiya (Asst. Professor, Department of Education) K.S.K.V Kachchh University, Bhuj Kachchh. He explained to us as to how we should make the class and the topic interesting, so that children get more knowledge without any fear and hesitation.

He taught many interesting tricks as how to read the mind of children and teach them according to their level and interest. He said that at some level, teacher should become a friend of the student and should give them favorable and fearless environment to make the learning effective.

Our students also become teachers and they taught the students of class 4th to 9th like real teachers. They enjoyed the role of becoming a teacher even if it was for a day because some of them would choose this line in their future life.
