ABOUT VISHNU DHARM SCHOOL

Every child is special with his/her unique competencies. The very objective of Vishnu Dharm School is to identify this exclusivity. The school is not created to force any specialization onto a child, but to nurture the natural abilities, be it artistic, analytical, scientific or linguistic.

Our emphasis is on a small Teacher-Student Ratio which is at par in our school. It facilitates constant tracing of a child's progress across various structures. We try to indoctrinate in the child, qualities like stalwart character, true wisdom of duty, feeling of cohesion and humbleness for the progress of their integrated personalities.

At Vishnu Dharm School, we use technology to empower our students and parents. Students master even the most difficult concepts through interactive classes and learn languages through state-of-the-art ways.

"We Aspire To Make Our Students' Journey At School A Beautiful Memory To Cherish Them For A Lifetime!"

CAMPUS DIRECTOR'S MESSAGE

EVERY CHILD IS UNIQUE.....

Do not compare your children with other children

Mr. Hemant J. Bera
(Campus Director)

Nowadays, with the increase in the scope of education, the expectations of the parents have also increased. Parents compare their children with other children. Parents really shouldn't do this to their children, because every child's ability is not the same. Each child works according to his/her own ability and if he/she works according to his ability, that child can do that work better.

Parents should not force children to do any work. Just because a child is good at doing homework, a child is good at playing a game, or a child is good at drawing, it is not necessary that everyone does everything

Now in this fast era, it is necessary to give good rites. It is necessary to teach the lessons of morality. We need to take our children away from mobile and other resources and towards our true culture. Children need to be diverted from superstitions to science. Especially the parents who send their children for education away from them need to take care because at a young age, they have less ability to differentiate between good and bad. Efforts to remove all such confusions for parents are being done through education in Vishnu Dharm School.

Every child is being given appropriate education so that they can work according to their strength. There are also constant attempts to distract children from mobiles and other objects and divert them to education and sports. Children can make innovative things according to their intellectual ability using arts and crafts. Along with the education of children, computers are also very important according to the times, so in Vishnu Dharm School, computer practical sessions are also conducted regularly. In this way we provide the education which leads to overall development of the child. The entire team of Vishnu Dharm School is committed to provide education without stress to your children.

The Month of November

The meaning of November comes from Novem, the Latin word for nine. The old Roman calendar started in March, making November the ninth month. When the Roman senate changed the calendar in 153 BCE, the new year started in January, and November became the eleventh month.

CHILDREN'S DAY CELEBRATION – 14-11-2022

'Baal Diwas' means 'Children's Day'. On 14th November every year Children's Day is celebrated in different schools of the country through various activities.

This day is celebrated in honor of Pandit Jawaharlal Nehru, the first Prime Minister of India. He was born on November 14, 1889 in Prayagraj, Uttar Pradesh.

Former Prime Minister Pandit Jawaharlal Nehru was called 'Chacha Nehru', because he was very popular among children. He considered children as the future wealth of the country.

Children's Day was celebrated at Vishnu Dharm School run by Swa. Shri V. L. Barot Education Trust. To begin with, information about Children's Day was given to the students during the assembly in the school. The animation film 'Kung-Fu Panda' was shown to the children in the school.

It was an age appropriate and educational film for children. All the children enjoyed the movie. At the end each student was asked to share their views as to what they learned from the movie. The movie taught us that one should never give up, in life, because everyone has hidden inner strength. We should love ourselves and develop self-confidence.

After watching the movie, the children were given chocolates and we're wished by the teachers. A very happy children's day and then they dispersed.

Now a days in the Gujarat Legislative Assembly, election is on the peak. So in the school assembly we had nice interaction with students. Principal ma'am gave important information about elections, different parties, election campaign and most importantly the right to vote. In addition to that children took an oath to motivate their parents and adult members of the family to vote. All the VDS family members joined in the Oath Ceremony. Along with the oath, teachers gave 'SANKALP PATRA' to each student to convey the message that they should vote compulsorily. VDS Achievement

VDS KIDS ACTIVITY CORNER

Preschool is the phase when a child is exposed to the outside world for the first time in his life. That means, he is to leave the comfort and security of his parent's arms and face everything that's lying beyond them. It is therefore essential for preschools to work on their environment so as to provide the students with a comfy space. The basic facilities provided by VDS Kids (Pre-School) includes a clean and hygienic environment, well-qualified teachers, student-friendly classrooms, a variety of toys or game materials, blackboards, playgrounds, limited time for study and more time for play.
