ABOUT VISHNU DHARM SCHOOL

Every child is special with his/her unique competencies. The very objective of Vishnu Dharm School is to identify this exclusivity. The school is not created to force any specialization onto a child, but to nurture the natural abilities, be it artistic, analytical, scientific or linguistic.

Our emphasis is on a small Teacher-Student Ratio which is at par in our school. It facilitates constant tracing of a child's progress across various structures. We try to indoctrinate in the child, qualities like stalwart character, true wisdom of duty, feeling of cohesion and humbleness for the progress of their integrated personalities.

At Vishnu Dharm School, we use technology to empower our students and parents. Students master even the most difficult concepts through interactive classes and learn languages through state-of-the-art ways.

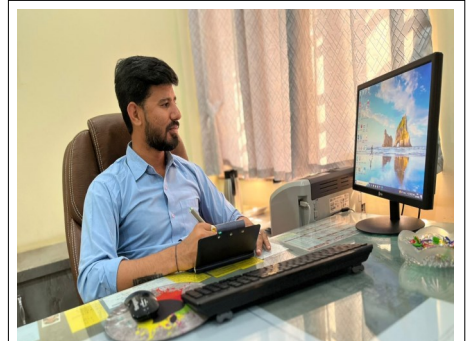

"We Aspire To Make Our Students' Journey At School A Beautiful Memory To Cherish Them For A Lifetime!"

MOTIVATE YOURSELF TO STUDY HARD

Studying well for your exams is not an easy thing to accomplish. With classes, a lot of school works, and extra-curricular activities stressing you out, the last thing that comes into your mind with what you can do in your free time is to study. There are days when you feel so hyped and ready to accomplish a lot- then most days you just feel so overwhelmed and stressed that you lose all your energy that you can't even read a single lesson.

It may seem like a roller-coaster of emotions but know that it is normal to feel that way. However, these thoughts should not hinder you from actually accomplishing what needs to be done. So, here are 12 ways to motivate yourself to study hard for your exams.

1. Just do it.
2. Prepare your study area.
3. Divide your tasks.
4. Remove all distractions.
5. Have a study routine.
6. Find a study approach that works for you.
7. Trust the process.
8. Be disciplined.
9. Write down the reasons why do you want to study well.
10. Reward yourself every time you complete your tasks.
11. Try studying in groups.
12. Do not expect that you will always feel motivated.

VDS KIDS - LEARNING THROUGH ACTIVITY

10/12/2022

Now a days in this modern era children are not going to the market to see how a vegetable seller works. In order to give them knowledge of a market , the teachers of VDS KIDS planned a small event.

The teachers bought some vegetables and fruits and told the children about its colour shape and taste. At the end of the week on Saturday 10th December all children came in a vegetable sellers costume and performed on the stage. Children played many games and sang rhymes on vegetables and fruits.

Children looked very cute in fancy dress and were very happy to enact as vegetable sellers .They all performed very well and enjoyed very much.

ADVISORY BOARD MEMBERS - VDS

33 Years of experience in Education Sector

Student's whole future depends on its schooling period. The choices that young adults make in school have long lasting impact on their careers. In Vishnu Dharm School, A primary education provides them with skill, knowledge and encouragement they need to get the most out of their designed career path. Our education assists students to reflect on their ambitions, interests, strengths and abilities to have bright and shining career in future.

Mr. Nitin Mehta

26 Years of experience in Education Sector

VISHNU DHARM SCHOOL has a dream to provide quality education to the children. A quality education is that which focuses on the whole mental, physical and cognitive development of each student regardless of gender, race, ethnicity socioeconomic status or geographic location. It prepares the child for life and not just for exams. At VDS, a good quality education will be provided to all learners with capabilities, which they require, to become economically strong. I believe that the quality education leads to empowerment.

NATIONAL MATHEMATICS DAY CELEBRATION

22/12/2022

'National Mathematics Day' is celebrated on 22 December annually to commemorate the Birth Anniversary of the famous mathematician Srinivasan Ramanujan. He had made remarkable contribution in various fields of mathematics and its branches.

'Veda' is a Sanskrit word which means 'knowledge'. Vedic Mathematics is a collection of techniques/sutras to solve mathematical arithmetic in easy and faster way. It was discovered by Indian Mathematician 'Jagadguru Shri Bharthi'.

Vishnu Dharm School understands the importance of our Cultural Vedic Roots. To inform the students about Vedic Mathematics, School organized the workshop.

Mrs. Komal Chauhan introduced the students about many multiplication easy and fast Vedic Methods & short tricks. Such as : (i) Multiplication of any two digits number by 11 and (ii) Two digits multiplication with random numbers.

All the students were made aware by our ancient Vedic mathematical short tricks. There was enthusiasm shining on the faces of pupils. At last students learnt the tricks and got knowledge of our ancient Vedic Maths and the brilliance of our ancestors.

CHRISTMAS CELEBRATION

24/12/2022

On 24 December, 2022 - Saturday, there was a grand Christmas celebration in our school. Children were very excited and happy to celebrate their favourite festival. The school was beautifully decorated with lights & balloons. Christmas tree was also decorated beautifully. There was a small surprise for the students because "Santa Claus" came. They welcomed Santa Clause by singing Christmas carols like "Jingle bell and We wish you a merry Christmas." After a warm welcome of Santa, there was a small speech regarding Christmas celebration. Students were very excited to perform on the stage. Dance performance of students was very graceful. Children were excited to get gifts from Santa. At the end of the celebration, Santa gave gifts and chocolates to the students.

It was a great, memorable and mesmerizing Christmas celebration.
