## ABOUT VISHNU DHARM SCHOOL

Every child is special with his/her unique competencies. The very objective of Vishnu Dharm School is to identify this exclusivity. The school is not created to force any specialization onto a child, but to nurture the natural abilities, be it artistic, analytical, scientific or linguistic.

Our emphasis is on a small Teacher-Student Ratio which is at par in our school. It facilitates constant tracing of a child's progress across

various structures. We try to indoctrinate in the child, qualities like stalwart character, true wisdom of duty, feeling of cohesion and humbleness for the progress of their integrated personalities.

At Vishnu Dharm School, we use technology to empower our students and parents. Students master even the most difficult concepts through interactive classes and learn languages through state-of-the-art ways.

**“We Aspire To Make Our Students' Journey At School A Beautiful Memory To Cherish Them For A Lifetime!”**

### The Month of February

February comes from the Latin word februa, which means “to cleanse.” The month was named after the Roman Februalia, which was a month-long festival of purification and atonement that took place this time of year.
